

Investment Overview

Wallowa Lake Camp Solar Project

The Oregon Clean Power Co-op, in partnership with Camp and Retreat Ministries, will finance the installation of 50 kW of solar panels at the Wallowa Lake United Methodist Church summer camp, in Joseph, Oregon. The ground-mounted solar panels will go in an open area to the west of the camp, and are expected to produce more than 154,400 kWh of clean, renewable electricity annually, supplying nearly ¾ of the camp’s annual electricity usage, and reducing its carbon footprint by an amount equivalent to not driving a passenger car 274,300 miles.

Funding for the project will come from Energy Trust of Oregon, Camp and Retreat Ministries, donations, investment by community members through the Co-op, and tax credits taken by a third-party investor / system owner. The system owner will own the solar panels for ten years, and sell the power they generate to Camp and Retreat Ministries through a pre-paid Power Purchase Agreement.

Community Investment Opportunity
(Oregon Residents Only)

- Investment Amount: \$39,000
- Minimum Investment: \$1,000
- Investment Rate: You choose (1% - 4% APR)
- Investment Term: Investment plus interest paid back in annual payments over 10 years.
- Membership fees:
 - OCPC lifetime membership: \$50
 - Solar Oregon: \$25

Project Team

Financing: Oregon Clean Power Cooperative
 Financing Partner: Camp and Retreat Ministries
 System Owner: Robert Street
 Solar Installer: Enterprise Electric

Use of Funds
 The funds raised will be loaned to Camp and Retreat Ministries, which will add them to its own funds to pay for installation of the system. The Camp’s savings on electricity will enable it to pay back the loan to OCPC, which in turn will pay back the investors in the project.

This is a summary of the Oregon Clean Power Cooperative Offering Memorandum dated May 8, 2022 describing the Wallowa Lake Camp Solar Project, and is qualified in its entirety by reference to the Offering Memorandum. The Offering Memorandum is available on the Oregon Clean Power Cooperative website at oregoncleanpower.coop, or in hard copy upon request. You should review the Offering Memorandum carefully before making any decision to invest.

The Oregon Clean Power Cooperative is the only state-wide cooperative in the U.S. dedicated solely to renewable energy. Our member-financed projects keep capital circulating locally, create green jobs, and enable Oregon communities to become more self-reliant through locally-generated clean power.
